

Universal LB84SC - 84" Undercounter Refrigerator

Overview

With 3 Cabinet doors, and 6 Shelves the 84" Undercounter Refrigerator Universal LB84SC is one of the most practical units available to maximize space in the kitchen and ensure that you have everything you need on hand at any given time. High quality metals and internal components work together to give you lower operating costs and a machine that performs better at colder, more consistent temperatures. The unit is made from stainless steel for a piece of equipment that will not rust, corrode or tarnish even over years in a professional food service kitchen. This unit is must, in a high volume kitchen that needs to make the most of its kitchen.
