DIVITRAD COMPACT

DIVIDER FORMER

LEGEND

DiviTrad® Compact Legend is a square tank divider-former, capable of dividing dough into 4x5 equal pieces and fitting into the smallest of working environments.

DiviTrad® allows «classic» division before proofing and «traditional» division to form baguettes and bake immediately.

NON CONTRACTUAL DATA

Features

- 16''x16'' cast aluminium tank.
- Metal lid in aluminium, covered with a stainless steel sheet. Spring of the lid is protected by a stainless steel cover.
- Ergonomic aluminium handle, closing by eccentric.
- Cutting grids (not included with the machine) available and easily interchangeable.
- Automatic knife lift (stainless steel 304, pressure 50 bars) for easy cleaning.
- Side maintenance access with *Quick Access* release system, for easy cleaning of the machine interior.
- Anti-flour spillage device.
- Flour collection tray at the back of the machine.
- Adjustment of the tamping pressure (40-50 bars), limiting the degassing of the dough to favor a nice honeycombing.
- Fold down table (accessory) to facilitate the transfer of the dough pieces after division.
